

# Capacent Sweden seeks Analysts to our Stockholm office

**Capacent** is the leading Nordic business consultancy with more than 500 employees, represented in all the Nordic countries. **Capacent Sweden** (former Capto) focuses on **management consulting services** with a financial edge. We work for large industrial and service companies, private equity firms and financial institutions. We are proud to maintain our Nordic culture and values, emphasizing a pragmatic no-nonsense approach, a non-hierarchical organization, a balanced lifestyle and fun. Capacent offers an exciting working environment for dedicated professionals, combining knowledge in finance and operational excellence with an in-depth understanding of our clients' core business, we create unique career opportunities for the right people.

## Who we seek

You have a degree in Business, Industrial Engineering and Management, or equivalent

You have excellent academic qualifications and a strong personal drive to succeed

You have strong analytical skills, combined with an ability to effectively communicate conclusions

You speak and write excellent English and Swedish - we also value skills in other languages

You are pleasant to work with as a colleague and capable of building relations throughout the client organization

## What we offer

A non-hierarchical Nordic culture where you will be involved in client projects from day one

Opportunities to work in a variety of industries in the Nordic region as well as globally

The satisfaction of driving change in the client's organization - from analysis to implementation

Excellent learning and growth opportunities

A creative team environment with great colleagues and exciting clients – a fantastic combination of work and fun!

---
